President's Corner

The weather is getting nicer and great climbing is the order of the day for the next 6 months. As I write this, the fall schedule of rock climbing classes is just half completed. We are back to nearly maximum in the Basic class and the students are enthusiastic and showing increasing competence and confidence on the rock. To those of you who are helping and who have helped with the classes, THANK YOU VERY MUCH. Without you, it would not happen.

Frank Vers put out a challenge to all the Leaders to submit a fall and winter climb. We've had two multi-pitch outing proposals submitted already, a top rope outing and an ice climbing outing just in the first two days. That's a very good start. We have twenty-one Outing Leaders on the roster so I expect to see a lot more outings scheduled. Come on Leaders, now is your chance to show your talent.

I hope you are not completely bored and frustrated with our requests to write letters to Congress about Queen Creek/Oak Flats because the battle is not over yet. I can report that we are getting the attention of Congregational officials as well as Resolution Copper Company. Our voice is being heard loud and clear. Many of you have written letters and I have read all of them on which I was copied. They are very thoughtful and meaningful and we all appreciate your time and energy to help save Queen Creek/Oak Flats. As you know the Board of Directors unanimously voted oppose the SOUTHEAST ARIZONA LAND EXCHANGE AND CONSERVATION ACT OF 2007. That bill will simply give Resolution Copper Company and its foreign owner's unbridled authority to destroy the environment of this pristine recreation area. We don't think that is right. If you agree, go to our web site www.amcaz.org and follow the link to AMC's Own Action Alert. Kirra, Robert England and Erik Filsinger continue to work tirelessly on this issue. Many thanks to these and all who contribute.

Thanks to Mike Knarzer for teaching Lead School, thanks to Bill Fallon for teaching Basic School, thanks to Clay Vollmer for leading Grand Canyon Cleanup and especially many, many thanks to all the people who helped with these events.

John Keedy

Alpine Rock Seminar

The AMC Mountaineering Committee will offer the 1-day Alpine Rock Seminar on Saturday, December 15. The hands-on seminar is for folks with solid rock climbing skills who may be interested in taking their adventures into alpine and mountainous conditions. Topics to be covered will include: Mountainous terrain, weather, altitude, judgment, equipment and team considerations. During the field exercise, alpine rope work, including double rope techniques, route finding, alpine considerations for anchoring and belaying, alternatives for descending will be discussed and demonstrated. Silent communication will be shown and practiced.

The Seminar will be offered locally at a place yet to be determined. It is recommended that participants all have taken the AMC Basic, Anchors, and Lead Schools. This is not an introductory seminar. Rather, it is designed for those who are already accomplished in their craft but want to apply it in the mountains. If you are interested in the topic but not sure you are ready, the Alpine Rock seminar is offered yearly in the Fall.

For details or questions contact Erik Filsinger, AMC Mountaineering Chair, at smorefil@aol.com. Class fees will be \$50 for new students and \$25 for refresher students. Number of participants limited

Anchors Instructogram

AMCrs, want to increase your climbing karma? Here is your opportunity! Give back to the club by helping us teach anchors class this fall. Not only will you be sharing your passion for climbing, but you will refresh your memory of building anchor systems efficiently - one of the most important skills to climb safely.

Details: Weekday sessions will cover anchor principles and anchor construction. These will be held at N. Mtn Park on November 6 and 8 (6-9:30). Weekend sessions will cover hands-on anchor construction in real situations, culminating in a "grad anchor" and climbing on Sunday. These will be held in Prescott on November 10 and 11. We had an awesome class in the spring so let's strive to do the same this fall.

PLEASE RSVP TO JUSTIN

Queen Creek Update

I hope you have written letters to congress. If not, shame on you as a climber. Here is our AMC web site resource: http://www.amcaz.org/main/members.html

In your letters, keep the following points in mind (also for meetings, web forums, etc)

The land exchange legislation is: **BAD POLICY!**

The land exchange is bad public policy. Oak Flat was set aside for public recreation and to keep mining off it.

The Native Americans consider the land sacred.

The Land Exchange is a way to get around the higher level of public scrutiny and environmental oversight that would occur under a regular land patent (how they would have to do it anyway). It is shortcutting what federal policies we have in place to protect the environment and the people.

Foreign Companies should not be able to come into the US and take our vital resources without paying royalties to benefit US citizens (like US companies have to do overseas).

BAD PROCESS!

Up to this point in time the mining company had not gone to the climbing community for input. They hired an out of state boulderer who then hand picked a few friends to develop a proposed new state park without any real effort to enlist the opinions of local climbers.

BAD OUTCOME!

The license agreement for Atlantis and the Pond can be unilaterally revoked at any time by the copper company.

Eurodog Valley, the Mine Area will be lost before mining actually starts!

Both Upper and Lower Devils Canyon will be lost because access will be lost!

Tamo is NOT a replacement climbing area. While Queen Creek is 1 hr travel time, it will be closer to 2 hours (might as well go to Mt. Lemmon, Jack's, Sedona, Prescott, Flagstaff, etc).

Tamo is already public land, and why should climbers have to pay a fee to climb at the park anyway?

STOP THE LAND EXCHANGE!

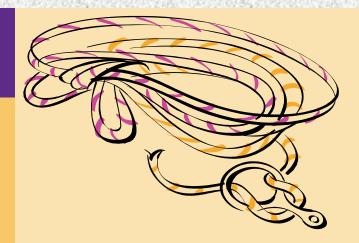

Write to your congressmen (http://www.amcaz.org/main/members.html)

IN THE ALTERNATIVE

If and when we can not kill the legislation, we need a minimum of:

- 1. permanent access to upper and lower devils canyon
- 2. permanent access and a change of ownership for Atlantis and the Pond (maybe a nice Superior park)
- 3. permanent access to Apache Leap from the West
- 4. we don't need a state park for Tamo; just build a road with permanent access.
- 5. access to oak flat, Eurodog and the mine until mining activity actually starts.

Keep up the pressure!

Thanksgiving Climb and Dine - Joshua Tree 2007 - An AMC Tradition

Thanksgiving at Joshua Tree is an AMC Tradition, why you may ask, the climbing at Joshua Tree is in one word -AWESOME! And the Thanksgiving Dinner is a gustatory delight of epicurean heights. Come and share in this great tradition and check out new activities and climbs!

The climbing: Hundreds of routes from 5.7 to 5.12, sport, mixed and traditional. You name it Joshua Tree has it! The leads will test your skills on great cracks and thin face. Approach time, how about a "bumper belay" while surrounded by beautiful climbing walls. For route beta, directions, camping, local activities and other information check out the following web page:

http://www.mountainproject.com/v/california/joshua_tree_national_park/105720495

Thanksgiving Day Dinner plans and Climbing activities:

Thanksgiving Dinner will be held Thursday November 22nd at 5:00 PM AZ Time (MST) at the Indian Cove Campground Group Site #2. Clay Vollmer is the Dinner Coordinator. He will fry up an 18-20 lb turkey on site served with cornbread dressing and gravy. The Dinner at JTree is potluck so here is your chance to contribute your favorite recipe. Please sign up with Clay to bring side dishes such as, salads, breads, desserts, and meats. Dishes should be prepared and ready to serve. Bring your stove to keep food warm. Bring your own utensils, beverages, dishes, and a chair for lounging around the campfire. Non-food items also needed include: lanterns, firewood and water to wash up with. Please assemble by 4:30 pm (MST) to prepare your dish to share and be ready for Thanksgiving Dinner. Email Clay Vollmer to verify your attendance at: vollmer@rice.edu or phone at 602-595-7266. A head count with any guests is important for planning.

Climbing - On Thanksgiving Day ropes will be set up for an open outing at Short Wall located in Indian Cove. Come check out some of the new routes! Outing Leader, Monica Miller and assistants are also planning to take small groups to Moosedog Tower for a summit and cool overhanging rappel. Other group climbing locations and days will be announced in camp.

Camping/Lodging Details:

Some folks may go out early; you can drive straight from work in 5 hours. There are usually about 30-40 AM-C'ers in attendance some folks go all week, some go for a day or two. If you go before Wednesday, make your own camping arrangements at http://reservations.nps.gov/ or by phone at 1-800-365-CAMP. Motel 6 has rooms with 2 queen beds see: http://www.motel6.com/

The AMC has Indian Cove Group Site #2 reserved from noon Wednesday, 11/21 through noon Sunday 11/24. Please note Parking is limited at the group site so CAR POOLING IS THE WAY TO GO.

All campsites are primitive, no water or electricity, pit toilets. Please bring wood for evening campfires. The towns of Joshua Tree and 29 Palms are about 20 minutes away if you need a meal, motel, or shower. Showers are available at Coyote Corner - 6535 Park Blvd, Joshua Tree, CA 92252 (at the intersection of Hwy 62 and the park entrance road, across from Nomad Ventures).

Directions: To get to Joshua Tree National Park, go towards Los Angeles on I-10 passing through Blythe and Desert Center. Watch for the Joshua Tree Cottonwood entrance (exit/mile marker 168). There is a \$10 entrance fee for a seven-day pass for a vehicle. Drive about one hour north through the park to a 'T' intersection. Go right (north) at the 'T' intersection to 29 Palms. Then go left (west) on Hwy 62 through 29 Palms to the turnoff to Indian Cove (left, south) from Hwy 62. If you reach the town of Joshua Tree, you have gone too far.

Weather is variable. Days are usually warm and sunny, nights will be chilly to freezing, and it is usually windy. Nothing is certain, so be prepared to get scorched, rain, snow or whatever. There are numerous guidebooks available in Nomad Ventures, a local climbing shop; it is a good idea to own one for there are many geographic climbing areas in the park.

See you in Joshua Tree!

Climbing Anchors School

Arizona Mountaineering Club

Fall 2007

The AMC Climbing Anchors School teaches participants how to set climbing anchors for top-roping. This course is the logical next step for AMC Basic Climbing School graduates.

Class curriculum:

Tuesday: Learn anchor components, anchor types, knots and hitches. Thursday: Learn anchor system characteristics and construction.

Saturday: Gain experience setting anchors by practicing "hands-on" scenarios under instructor supervision.

Sunday: Apply newly learned skills setting real anchors on an optional climbing day. This session is a climbing outing

where students set the anchors under instructor supervision and then spend the day climbing.

Class schedule:

Nov 6	Tuesday	6:00 pm-9:30 pm	*N. Mountain Park (Phoenix), Yavapai Ramada
Nov 8	Thursday	6:00 pm-9:30 pm	N. Mountain Park, Yavapai Ramada
Nov 10	Saturday	8:00 am-4:00 pm	Climbing area to be announced during class
Nov 11	Sunday	7:00 am-5:00 pm	Climbing area to be announced during class

^{*}North Mountain Park is located at Peoria and 7th St, 5 miles north of Camelback on 7th St. Turn west into the park and drive around the loop to the last parking area at the end of the loop.

Experience required: AMC Basic School graduate or equivalent, which must include knowledge of how to belay, rappel, prusik, tie a figure-8-on-a-bight and figure-8-on-a-follow-through, and make a girth hitch.

Cost: \$75 plus membership if not already a member (\$15 for an individual and \$18 for a family). Membership is good through Dec., 2007. You can pay full membership (\$30 for an individual and \$35 for a family) and be paid up thru December 2008. Register by sending a check payable to AMC Anchors School to 1654 W. Boston St, Chandler, AZ, 85224. No credit cards accepted. The registration fee is fully refundable if you cancel. Call Nancy Birdwell at 480-821-1932 or email outdoorgirlinaz@cox.net for more information. The number of students will be limited to 36.

Equipment required for the class:

- 2 non-locking "D" or oval carabiners (at least 2, bring more if you have them)
- locking carabiners (at least 3, one of which should be a parabiner)
- rappel/belay device (Trango Jaws, Black Diamond ATC, Trango Pyramid, Figure-8, etc.)
- 1 climbing harness
- 1 ea 4', 6', 10' 6mm prusiks (untied length)
- 2 ea 5', 10', 20' slings (1" tubular webbing, untied length, AKA runners)
- 1 or 2 personal anchor slings (commercial daisy chains or 4' sewn Spectra runners or equivalent)
- 1 helmet—required for Saturday and Sunday sessions, helmets are available if you do not have one.

(The slings and harness are the only additional equipment needed over the Basic School requirements)

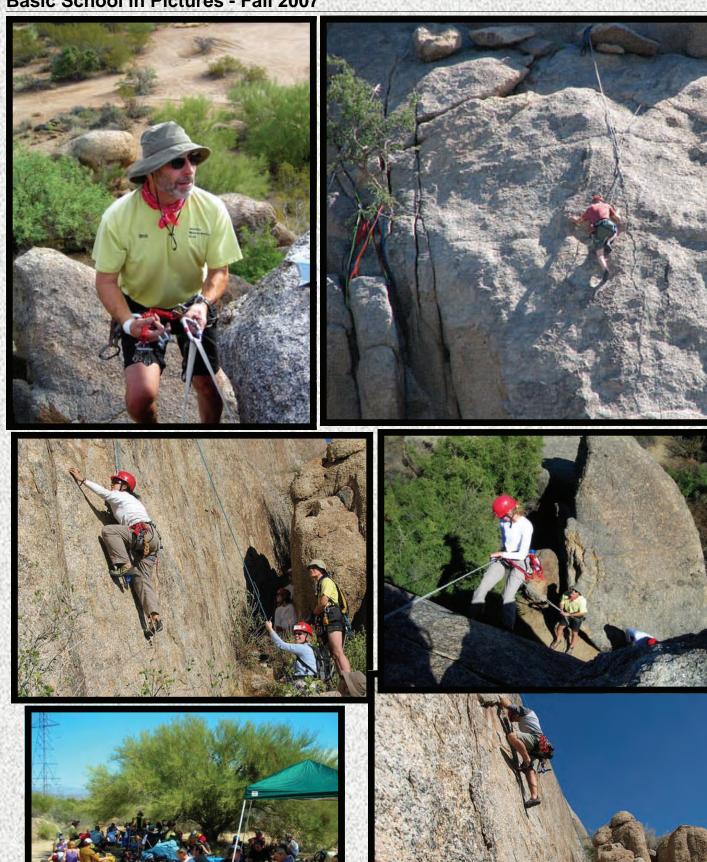

This class is designed to teach you how to set top-rope anchors. In order to become independent and set your own anchors, you should start acquiring anchor gear. These purchases will be limited by how much money you want/have to spend and how much interest you have in climbing independently. The following gear is not required for Anchors School, but if you have some, you will be able to practice setting it in class. All of the gear recommended below can be used for Lead School, and none of it will be wasted if you intend to set your own anchors. All gear should be marked prior to bringing it to class to prevent confusion between it and other people's gear. If you don't know how to mark gear, check with an instructor before doing so to avoid weakening equipment due to improper marking.

Other gear you may want to bring:

- · Any pro you may have (hexes, nuts, camming devices, Tri-cams, etc.)
- Extra biners (regular D's, ovals, and lockers—stay away from specialty biners at this time)
- Extra slings (perhaps four 5', two 15' slings, untied lengths)

AMC Outings

Please note: It is suggested that Outing participants donate gas money to the Outing Leader, and that carpoolers share the cost of gas for the driver. See footnotes below for other info about outings.

Footnotes: Car-pooling is optional on all outings and is not part of the outing. The outing begins at the trailhead designated by the Outing Leader and ends at the same place. Each participant should bring a First Aid kit. If you leave the outing, with or without the leader's permission, you are considered to be on your own until you rejoin the group. Each participant will be required to sign an AMC Activity Release Form at the beginning of the outing. Participation in AMC outings requires club membership. Outings vary in degree of danger. When you participate in an outing you should be both physically and mentally prepared and equipped with the appropriate gear. You should always be aware of the risks involved in outdoor activities and conduct yourselves accordingly. The Outing Leader is not responsible for your safety; you are. Please contact the Outing Leader before going on an outing, discussing your capabilities with the Outing Leader. You must be over 18 years of age to participate, or must be accompanied by a parent or responsible adult, and obtain prior consent from the Outing Leader. Those accompanying minors are responsible for the minor's safety.

Group outings are intended to be social climbing experiences with no supervision. They may or may not be organized by an AMC Outing Leader. If they are organized by an AMC Outing Leader, the Leader will only be responsible for organizing the time, date, meeting places, and any necessary camping. The AMC Outing Leader may also set anchors, but will not be responsible for supervising any climbing activity or for monitoring the anchors they set. Participants are responsible for their own climbing activities, their own climbing partners, and for monitoring anchors, whether set by an AMC Outing Leader or not. Participants are also responsible for their own conduct and safety at the campsite and during any approaches to and from the climbing areas. If any AMC equipment is used for the outing, the participants

using that equipment are responsible for checking the equipment before use and for using the equipment properly and in the safest manner possible. The campsite, where possible, may be reserved and paid for by the AMC. Parking may be first-come, first-served.

Billboard - Other Scheduled Events

Outings listed in this section are not AMC sanctioned outings. Any AMC member can list an event he or she is planning and which is open to other AMC members. The member does not have to be an approved AMC Outing Leader. If you wish to participate you should be physically and mentally prepared with the appropriate gear and should contact the member planning the outing. You are responsible for your own safety, not the person leading the outing. You should always be aware of the risks involved in outdoor activities and conduct yourself accordingly.

The events listed below are provided by commercial outfitters for the benefit of AMC members. They are not AMC Outings, nor are they led by AMC Outing Leaders, thought they may be open only to AMC members. The commercial outfitter is solely responsible for all aspects of the outing, not AMC. While, in most cases, an AMC member may provide a service by AMC collecting the names of prospective participants and handling the logistics of out-of-town events, participants will sign up directly with the commercial outfitter.
